### **What Other Patients Are Saying**

### **About Million Dollar Smiles At LIFESTYLE DENTAL**

#### **“I was impressed by the relaxed environment”**

“I found out about Lifestyle dental through an advertisement. It's in a convenient location and I also like the different style of the practice. I was most impressed by the environment, it was very relaxing, the staff were brilliant and I was pleased with the way everything was explained. I don't think I would change anything about Lifestyle and I have recommended the practice to family, friends and work colleagues.
